Subject index of peer-reviewed papers

Assessment

Accuracy of clinical diagnosis of internal dérangement of the knee by extended scope physiotherapists and orthopaedic doctors: Retrospective audit. J Gardiner, P Turner.....153
Development of a consensus and evidence-based standardised clinical assessment and record form for neurological inpatients: The Neuro Dataset. J L Crow, B C Harmeling 33
Diagnostic criteria for diagnosis of temporomandibular joint disorders: A physiotherapist's perspective. H M Ali ..421
Evaluation of the sitting assessment test for children with neuromotor dysfunction as a measurement tool in cerebral palsy: Case study. V Knox.....534

Communication and Compliance

Advising clients about prescription medications. G Lansbury, G Sullivan 18
Clinical reasoning of expert and novice physiotherapists in an outpatient orthopaedic setting. C Doody, M McAteer 258
Cross-specialty collaboration: Case report. H Plum, D Morrissey.....530
Interaction between physiotherapists and patients in stroke treatment. U Talvitie, M Reunanen 77
Living with chronic lung disease and the effect of pulmonary rehabilitation: Patients' perspectives. J Toms, K Harrison.....605
Pain descriptors used by headache patients presenting for physiotherapy. K R Niere 409
Patient satisfaction with a new physiotherapy telephone service for back pain patients. S Taylor, I Ellis, M Gallagher 645
Perceptions of control in people with acute low back pain. L Roberts, J Chapman, F Sheldon.....543
Rates and reasons for non-adherence to home physiotherapy in paediatrics: Pilot study. F Chappell, B Williams.....138

Continence/Incontinence

Prevalence, aetiology and treatment of post-micturition dribble in men: Literature review. G Dorey 225

Education/ Professional Development

Academic freedom in physiotherapy teaching. S R Mercer, K A Galvin, D G Jones 303
Clinical reasoning of expert and novice physiotherapists in an outpatient orthopaedic setting. C Doody, M McAteer 258
Cross-specialty collaboration: Case report. H Plum, D Morrissey.....530
Cultural competence in undergraduate healthcare education: Review of the issues. M Stewart 620
Current issues of accountability in physiotherapy and higher education: Implications for physiotherapy educators. J Morris.....354
Elder rehabilitation: Core learning objectives for physiotherapy students during clinical placements. AGILE-Thames 158
Profession and professionalisation. V J Sparkes 481
Research capacity: A challenge for the therapy professions. I Ilott, T Bury.....194
Selection of pre-registration physiotherapy students: Changing to a more objective process. M Lewis, S Smith .688
Widening participation in physiotherapy education. C Mason, V J Sparkes 273

Elder Rehabilitation

Elder rehabilitation: Core learning objectives for physiotherapy students during clinical placements. AGILE-Thames 158
Standard procedure for using Turn180, A: Testing dynamic postural stability among elderly people. J M Simpson, C Worsfold, E Reilly, N Nye 342

Electrotherapy

Effect of interferential current stimulation in management of osteo-arthritic knee pain. R A Adedoyin, M O B Olaogun, O O Fagbeja 493
Effect of low level lasers in de Quervains tenosynovitis: Prospective study with ultrasonographic assessment. R Sharma, A Thukral, S Kumar, S K Bhargava 730
Effects of high voltage electro-auriculotherapy on experimental pain threshold. M Zoghi, S Jaberzadeh.....658
Heating effects of ultrasound applied to extracted molars: Is it safe to apply ultrasound to the temporomandibular joint? W Salome, N Gann, D Jones 167
Influence of a single FES treatment on hemiparetic legs. E Isakov, P Bowker 269
Novel microcurrent treatment is more effective than conventional therapy for chronic Achilles tendinopathy. D Chapman-Jones, D Hill 471
Pulsed electromagnetic fields for treating osteo-arthritis. J van Nguyen, R Marks 458

Extended Scope Practice

Accuracy of clinical diagnosis of internal derangement of the knee by extended scope physiotherapists and orthopaedic doctors: Retrospective audit. J Gardiner, P Turner 153

Hydrotherapy

Evidence for effective hydrotherapy. J Geytenbeek.....514

Lymphoedema

Manual lymphatic drainage compared with simple lymphatic drainage in the treatment of post-mastectomy lymphoedema: A pilot randomised trail. J Sitzia, L Sobrido, W Harlow.....99

Management

Current issues of accountability in physiotherapy and higher education: Implications for physiotherapy educators. J Morris.....354
Patient satisfaction with a new physiotherapy telephone service for back pain patients. S Taylor, I Ellis, M Gallagher 645
Pre-manipulative procedures for the cervical spine: New guidelines and a time for dialectics: Knowledge, risks, evidence and consent. R Kerry.....417
Research capacity: A challenge for the therapy professions. I Ilott, T Bury.....194
Seamless care in physiotherapy: Does it exist at the interface of primary and secondary care? M MacLeod, H A Thomson, C Upton, R Scott, R A Chesson.....677

Musculoskeletal/Orthopaedics

Abdominal muscle function in chronic low back pain patients: Measurement with real-time ultrasound scanning. D J Critchley, F J Coutts 322

Accuracy of clinical diagnosis of internal derangement of the knee by extended scope physiotherapists and orthopaedic doctors: Retrospective audit. J Gardiner, P Turner 153
Chronic lateral epicondylitis: Survey of current practice in the outpatient departments in Scotland. C Greenfield, V Webster 578
Clinical reasoning of expert and novice physiotherapists in an outpatient orthopaedic setting. C Doody, M McAteer 258
Does intercostal stretch alter breathing pattern and respiratory muscle activity in conscious adults? T Puckree, F Cerny, B Bishop....89
Effect of interferential current stimulation in management of osteo-arthritic knee pain. R A Adedoyin, M O B Olaogun, O O Fagbeja 493
Effectiveness of a specific physiotherapy regimen on patients with tennis elbow: Clinical study. M Kochar, A Dogra 333
Energy expenditure of stair climbing with elbow and axillary crutches. R A Adedoyin, A J Opayinka, Z O Oladokun....47
Evidence for effective hydrotherapy. J Geytenbeek....514
Is the Q-angle an absolute or variable measure? T Wilson, F Kitsell....296
Knee joint mobility and position sense in healthy young adults. B C Stillman, E A Tully, J M McMeeken....553
Management of the subluxed low tone shoulder: Review of the evidence. A Morley, A Clarke, S English, S Helliwell....208
Muscle plasticity: Response to training and detraining. A Bruton 398
Novel microcurrent treatment is more effective than conventional therapy for chronic Achilles tendinopathy. D Chapman-Jones, D Hill 471
Physical therapy for adhesive capsulitis: Systematic review. J Cleland, C J Durall 450
Pre-manipulative procedures for the cervical spine: New guidelines and a time for dialectics: Knowledge, risks, evidence and consent. R Kerry....417
Pulsed electromagnetic fields for treating osteo-arthritis. J van Nguyen, R Marks 458
Reliability and validity of standing balance measurements with a motion analysis system. P Kejonen, K Kauranen....25
Restoring movement and functional ability after stroke: Now and the future. V M Pomeroy, R C Tallis 3
Serial casting in new-born infants for correction of soft tissue deformity associated with posterior bowing of the tibia: Case study. S Ashford....148

Neurology

Development of a consensus and evidence-based standardised clinical assessment and record form for neurological inpatients: The Neuro Dataset. J L Crow, B C Harmeling 33
Influence of a single FES treatment on hemiparetic legs. E Isakov, P Bowker 269
Interaction between physiotherapists and patients in stroke treatment. U Talvitie, M Reunanen 77
Knee joint mobility and position sense in healthy young adults. B C Stillman, E A Tully, J M McMeeken....553
Making sense of proprioception: The meaning of proprioception, kinaesthesia and related terms. B C Stillman 667
Management of the subluxed low tone shoulder: Review of the evidence. A Morley, A Clarke, S English, S Helliwell ...208
Refining the ten-metre walking test for use with neurologically impaired people. M J Watson 386
Reliability and validity of standing balance measurements with a motion analysis system. P Kejonen, K Kauranen....25
Restoring movement and functional ability after stroke: Now and the future. V M Pomeroy, R C Tallis 3
Standard procedure for using Turn180, A: Testing dynamic postural stability among elderly people. J M Simpson, C Worsfold, E Reilly, N Nye 342
TELER *versus* MAS: Validating TELER indicator definitions for use in the measurement of physiotherapy outcomes in acute stroke rehabilitation. S Mawson 67

Outcome Measures

Abdominal muscle function in chronic low back pain patients: Measurement with real-time ultrasound scanning. D J Critchley, F J Coutts 322
Clinical assessment of the quantitative posturography system. J Browne, N O'Hare, G O'Hare, A Finn, J Colin 217
Energy expenditure of stair climbing with elbow and axillary crutches. R A Adedoyin, A J Opayinka, Z O Oladokun....47
Evaluation of the sitting assessment test for children with neuromotor dysfunction as a measurement tool in cerebral palsy: Case study. V Knox....534
Evidence for effective hydrotherapy. J Geytenbeek....514
Inspiratory muscle function after prolonged periods of mechanical ventilation: Two case studies. A Bruton, J H Conway, S T Holgate....131
Is the Q-angle an absolute or variable measure? T Wilson, F Kitsell....296
Knee joint mobility and position sense in healthy young adults. B C Stillman, E A Tully, J M McMeeken....553
Manual lymphatic drainage compared with simple lymphatic drainage in the treatment of post-mastectomy lymphoedema. J Sitzia, L Sobrido, W Harlow 99
Muscle plasticity: Response to training and detraining. A Bruton 398
Pain descriptors used by headache patients presenting for physiotherapy. K R Niere 409
Refining the ten-metre walking test for use with neurologically impaired people. M J Watson 386
Reliability and validity of standing balance measurements with a motion analysis system. P Kejonen, K Kauranen....25
Standard procedure for using Turn180, A: Testing dynamic postural stability among elderly people. J M Simpson, C Worsfold, E Reilly, N Nye....342
TELER *versus* MAS: Validating TELER indicator definitions for use in the measurement of physiotherapy outcomes in acute stroke rehabilitation. S Mawson 67

Paediatrics

Evaluation of the sitting assessment test for children with neuromotor dysfunction as a measurement tool in cerebral palsy: Case study. V Knox....534
Physiotherapists' role in integration of children with cerebral palsy into mainstream schools. J Mahon, T Cusack....595
Rates and reasons for non-adherence to home physiotherapy in paediatrics: Pilot study. F Chappell, B Williams 138
Serial casting in new-born infants for correction of soft tissue deformity associated with posterior bowing of the tibia: Case study. S Ashford....148

Pain

Assessment and treatment of patients presenting with low back pain and accompanying psychological distress: An evidence-based approach. P Hope....745
Effect of interferential current stimulation in management of osteo-arthritic knee pain. R A Adedoyin, M O B Olaogun, O O Fagbeja 493
Effects of high voltage electro-auriculotherapy on experimental pain threshold. M Zoghi, S Jaberzadeh....658

Pain descriptors used by headache patients presenting for physiotherapy. K R Niere 409
Patient satisfaction with a new physiotherapy telephone service for back pain patients. S Taylor, I Ellis, M Gallagher 645
Perceptions of control in people with acute low back pain. L Roberts, J Chapman, F Sheldon 543
Placebo analgesia: Clinical considerations. G L Y Cheing, K S H Cheung 735

Pharmacology

Advising clients about prescription medications. G Lansbury, G Sullivan 18

Psychology

Assessment and treatment of patients presenting with low back pain and accompanying psychological distress: An evidence-based approach. P Hope 745
Interaction between physiotherapists and patients in stroke treatment. U Talvitie, M Reunanen 77
Perceptions of control in people with acute low back pain. L Roberts, J Chapman, F Sheldon 543
Placebo analgesia: Clinical considerations. G L Y Cheing, K S H Cheung 735
Rates and reasons for non-adherence to home physiotherapy in paediatrics: Pilot study. F Chappell, B Williams 138

Research Methodology

Comparison of four methods of allocation for clinical trials with small sample sizes. I Davidson, V F Hillier 722
Research capacity: A challenge for the therapy professions. I Ilott, T Bury 194

Respiratory Care

Assisted cough: A new technique. J Whitney, B Harden, S Keilty 201
Breathing control techniques in the management of asthma. C Kellett, J Mullan 751
Does intercostal stretch alter breathing pattern and respiratory muscle activity in conscious adults? T Puckree, F Cerny, B Bishop 89
Inspiratory muscle function after prolonged periods of mechanical ventilation: Two case studies. A Bruton, J H Conway, S T Holgate 131
Living with chronic lung disease and the effect of pulmonary rehabilitation: Patients' perspectives. J Toms, K Harrison 605

Walking/Gait

Standard procedure for using Turn180, A: Testing dynamic postural stability among elderly people. J M Simpson, C Worsfold, E Reilly, N Nye 342
Energy expenditure of stair climbing with elbow and axillary crutches. R A Adedoyin, A J Opayinka, Z O Oladokun 47
Influence of a single FES treatment on hemiparetic legs. E Isakov, P Bowker 269
Refining the ten-metre walking test for use with neurologically impaired people. M J Watson 386
Reliability and validity of standing balance measurements with a motion analysis system. P Kejonen, K Kauranen 25
